

**From: The City Organist**

**11th December 2010.**

**Dear Michael & Choristers,**

**A small but very sincere note, both personal and on behalf of all those of us involved in the organisation; to say how indebted we are to you all for singing the 2010 Liverpool Echo Carol Concert, and especially for being willing to cram this extra event into your already busy schedules.**

**There were so many complimentary remarks made by the departing audience, and also from our own staff and stewards, who hear so much music performed to such a high standard in the cathedral each and every year, they don't often comment....**

**We are also most grateful to you for the expertise you brought to the concerts, and for your skill in getting the very best out of your choristers. I am sure your choir doesn't need to be told how very lucky they are to have you as their director, and they were, in every way, a credit to you and your hard work.**

**I do wish each one of you a very well deserved holiday, when it comes, and much successful carolling still to be done. I do hope you may again countenance joining us in the future, but in the meanwhile, I send you my very real thanks and very best wishes to each and every one of you, and hope that the 2011 is a good one for you all.**

**Sincerely,**
